

National Competition with Authorised Foreign Participation (NCAFP)

FIA International Sporting Code, Article 2.3: A national competition may, at the discretion of the authorising ASN, accept the participation of licence-holders from other ASNs. If the national competition forms part of a national championship or series, competitors who are foreign licence-holders will not be eligible to score points in the classification of the said championship or series. Any national competition must be listed on the national Calendar of the sanctioning ASN.

Further, the ASN that is authorising the competition accepting the participation of licence-holders from other ASNs must observe the obligation to provide the FIA and the competitors and drivers with at least the following, to appear on all official documents (in particular the entry form):

- * Unequivocal information on whether the circuit forms the subject of a currently valid international homologation by the FIA or a national homologation issued by the relevant ASN, matching the categories of competition automobiles eligible to take part in the competition;
- * Information on the categories of automobiles authorised to take part in that competition according to the homologation of the circuit;
- * Information on the grade of driver's licence required for taking part in the competition.

The NCAFP application form, along with further guidance notes, can be found on the Motorsport UK website here:
