manner the FIA has drawn up the present 'International Sporting Code'.

1.1.2. Each National Club or Federation belonging to the FIA, shall be presumed to acquiesce in and be bound by this Code (including records).

National Control of Motor Sport

Subject to such acquiescence and restraint, one single Club or one single Federation per country, called the ASN, shall be recognised by the FIA as sole International Sporting Power for the enforcement of the present Code and control of motor sport in its own country. The ASN for this country is the MSA.

Each ASN may draw up its own National Competition Rules which are submitted annually to the FIA.

2.1.1. The MSA being recognised by the FIA as the ASN of the British Isles (excluding The Republic of Ireland) and having acquiesced in and declared itself to be bound by the Statutes of the FIA and the Code, now therefore declares its sole right to control vehicle competitions in accordance with the Code in such territory being hereafter collectively referred to as the 'territory of the MSA'.

2.1.2. The MSC, as defined in its Constitution and Terms of Reference, shall form the Sporting Commission of the MSA.

The MSA identifies that a comprehensive Health and Safety Management System and Strategy will help identify and minimise potential risks for employees, volunteer officials, competitors and members of the public involved in motor sport in the United Kingdom. In pursuance of achieving and maintaining such high standards in health and safety:

8.1.1. The offices and activities of the MSA will be managed in accordance with relevant legislation as applied in the United Kingdom.

8.1.2. All events must be organised by MSA Recognised clubs and organisations in accordance with the regulations and requirements of the MSA, taking guidance as appropriate from the FIA and so as to respect appropriate statutes and legislation as is applicable within the United Kingdom. Identifying clearly defined roles and responsibilities for health and safety within the MSA, for its Recognised clubs and organisations and generally within motor sport in the United Kingdom enables all parties to meet such responsibilities.

A good health and safety management system and strategy is an asset to all parties involved in motor sport in the United Kingdom.

Regulations are and will continue to allow for the use of such fuels and energy sources as they become available.

Concussion Policy

11. Concussive injury can be serious, especially if repeated within a short period or in the younger age group. For this reason the MSA has introduced this policy restricting activity following this type of injury.

Concussion is diagnosed following an accident including the following symptoms:

- Transient unconsciousness (not always present)
- Confusion / disorientation
- Amnesia
- Headache
- Dizziness / nausea

Following diagnosis of one or more of these symptoms this policy must be instituted by the meeting/event Chief Medical Officer, or equivalent.

11.2. The competitor's licence should be suspended and retained by the Clerk of the Course, then forwarded to the Medical Department of the MSA, together with a note explaining the reason for return.

11.4. Upon receipt of the pro forma certifying absence of symptoms the licence will be returned. Any concerns should be notified to the Chairman of the Medical Advisory Panel.

11.5. It is important that the competitor is advised not to drive any vehicle until symptoms have resolved. They should also be advised to consider discussing their employment role with either their Occupational Health Department or General Practitioner.

11.6. Professional racing series, where regular medical personnel attend, may institute their own policy, provided this policy is followed as a minimum.

11.7. The duration of symptoms is variable, with most cases recovering within a period of 2 to 3 weeks. This policy should generally cover that period. Some cases have persistent symptoms, in these cases expert opinion should be obtained.

11.8. A second episode of concussion, occurring within a period of three months will require specialist referral prior to the return of the licence.

Drones Policy

12. The MSA's Drones Policy, applicable to all events, is published on the MSA's website.
