**CASE No J2015/23 Mini Challenge & Mazda MX5 Championship Results
Brands Hatch 10th May 2015**

This matter comes before the Court at the instigation of the MSA as an Investigatory hearing in accordance with MSA General Regulation C.9. It relates to an event at Brands Hatch held on 10th May this year when several national races supported the main International event.

An MSA Timekeeper was dealing with the National races whilst the International had brought its own timekeepers with their own system.

It had been understood that the regulations which set out the Classification criteria for the support races had been entered into the said system but unfortunately it would seem that for some such races that was not the case.

When results were published certain competitors were shown as having been classified when in fact they should have been shown as "Not Classified".

Both the Organisers and the MSA wish this Court to permit the amendment of the relevant results and, upon Inquiry, the Court accedes to their request.

The amendments to be made are such as to show the following numbered cars as "Not Classified" in the races referred to below.

- BRSCC Mazda MX5
 - Race One, cars numbered 51, 111 and 666
 - Race Two, cars numbered 76,111, 2 and 66
 - Race Three cars numbered 21, 36 and 23

- Mini Challenge
 - Race One, cars numbered 19, 26 and 58
 - Race Two, cars numbered 17, 46 and 7
 - Race Three, cars numbered 71, 19 and 26.
