**CASE No J2015/30 Ross Traders Historic Rally & Ross Traders Targa Rally
Saturday 18th July 2015**

This matter comes before the Court at the instigation of the MSA as an Investigatory Hearing in accordance with MSA General Regulation C.9. It relates to the Ross Traders Historic and Ross Traders Targa Rallies which were held on 18th July this year.

The results which have been issued for that event have subsequently been found to be incorrect and both the MSA and the organisers seek permission from this Court to amend the results.

Upon Inquiry it appears that although Route Check Penalties had been applied to the penalties sheet and shown on the Penalty Screen, a new member of the team responsible for collating the results had input the penalties for the missed Route Checks into the wrong screen/window.

This effectively overwrote the formula which automatically added the penalty to the competitors total.

The organiser, the Ross & District Motor Sports Ltd. accept and regret that the error was made and, quite properly wish the results to be formally amended.

The Court accedes to that request. The specific details of the necessary amendments are too numerous to be incorporated within this decision but the amendments to be made shall accord with those set out on pages 21 to 34 of the bundle of papers presented to this Court.
