

**MOTOR SPORTS COUNCIL NATIONAL COURT  
SITTING TUESDAY 4<sup>TH</sup> OCTOBER 2016**

**Guy Spollon (Chairman)**  
**Chris Mount**  
**Kelvin Nicholls**

**CASE No J2016-31 C9 Inquiry MSVR**

This matter comes before the National Court by way of a C9 Inquiry as it appears to the MSA from correspondence and event documentation received that there may have been an incorrect or improper declaration of results in respect of the Mini Challenge Cooper S, Cooper, Open (Race 1) at the MSVR Mini Festival at Oulton Park on 20<sup>th</sup> August 2016 organised by Motorsport Vision Racing.

The Court was ably assisted by Mr Simon Blunt, Disciplinary Officer (for and on behalf of the Motor Sports Association) who explained that from his investigations:

1. It appears that some unlapped competitors may well have mistakenly taken the repeat chequered flag at the entrance to Old Hall Corner as the 'end of race signal' described at Q17.1
2. Upon inquiry, but after the race results had been made final, the organisers decided that the repeater flag had actually been shown too early to some competitors.
3. The organisers subsequently decided to amend the results after the event by re-publishing the results at the following event.
4. The declared results can only be changed by order of the Motor Sports Council National Court.
5. It is important for all concerned that the final results be amended and reissued as soon as possible.

Having undertaken a full inquiry the National Court:

1. Provides its full consent to the results being amended.
2. Endorses the proposed race result amendments whereby places are as recorded for the winner's last lap.
3. There should be no order for costs.

**GUY SPOLLON**
