

FIA HISTORIC REGULARITY RALLY CAR PASS

GUIDANCE NOTES

1. Introduction

Under FIA Regulations an FIA Historic Regularity Car Pass (HRCP) is one of the accepted forms of vehicle identification required for any vehicle entered in an FIA Historic Regularity Rally.

An HRCP does not confirm that the vehicle meets the regulations applicable to Historic Regularity Rally events. It is a sporting document that sets out the vehicle owner's declared identification for the vehicle. The form is intended solely for Historic Regularity Rally Use and is no guarantee of the cars authenticity or proof of the car's history.

2. Application

Blank HRCP forms are available by contacting Motorsport UK sales desk on 01753 765000 or by emailing technical@motorsportuk.org to request that they be posted to you.

The applicant must complete the vehicle details on the inside pages and the owner/applicant details on the back page. Motorsport UK will complete the rest upon approval.

A colour photograph of the front $\frac{3}{4}$ view of the vehicle is required; this may be chemical print or be a good quality digital photograph printed on photographic quality paper. This must be of the required size, 130mm x 90mm, in focus and a true representation of what they depict.

In the photo the car must be static, on its wheels, doors closed, unoccupied with a clear uncluttered and contrasting background. The view to be such that the front and the side of the car can be seen. Note that registration number plates are to be in accordance with regulatory requirements (see <https://www.gov.uk/displaying-number-plates>).

The completed application is to then be forwarded together with the fee, currently £34.00, to:-

Attention: Technical Department

3. Processing of the Application

On receipt of the application it will be reviewed by Motorsport UK and if it is considered to be correct and the photographs of acceptable quality, the form will be allocated a reference number. The approved HRCP will be forwarded to the vehicle owner signed and perforated by Motorsport UK.

Unless there are technical queries then applications will normally be turned around within 21 days of receipt.

4. Use of the HRCP

The HRCP is required to be produced every time the vehicle is used in an FIA Historic Regularity Rally. Details of any changes of specification are to be confirmed in writing and the document returned to Motorsport UK, with replacement photographs if appropriate, for amendment. If the vehicle changes ownership the document, with details of the new owner, is to be forwarded to Motorsport UK so that the file copy and database can be updated. The document will be forwarded to the new owner.
