

## United Kingdom National Speed Records

In 1996, the Motor Sports Association produced a booklet of UK National Speed Records. This is now out of print, and with a number of records having been broken since that time, we are now pleased to announce that the complete listing of 'Outright UK National Records (irrespective of Class)' and 'UK National Records by Class' is available on the MSA website [www.msauk.org](http://www.msauk.org)

This listing has been compiled to the best of our knowledge and belief given the available records but we would appreciate feedback on any apparent errors or anomalies to enable us to maintain the accuracy of the listings.

### Want to make a record attempt?

Further details of the process to be followed if you wish to make a record attempt in the UK can be obtained from the MSA on 01753 765000

## Qualifying distances and times

In accordance with the FIA Regulations for Record Attempts (Appendix D : Article 219) – downloadable from the FIA website [www.fia.com](http://www.fia.com) - for UK National Records the MSA has fixed the distances and times that qualify. These are summarised below.

### MSA – UK National Records
