

## REGULATIONS PERTAINING TO NCAFP APPLICATIONS

*An extract of Article 2.3 of the Code follows, the full Code is available on the FIA website:*

### **FIA International Sporting Code – Article 2.3 – National Competition**

A national competition may, at the discretion of the authorising ASN, accept the participation of licence-holders from other ASNs. **In the karting discipline, any competitors and drivers wishing to take part in a national competition abroad, in which the participation of licence holders from ASNs other than the one that issued them is admitted, must be holders of an international licence.** Should an organiser accept the entry of a foreign competitor or driver who does not hold an international licence this will constitute an infringement, which, when brought to the attention of the ASN authorizing the national competition concerned, shall be punished by a fine, the amount of which shall be left to the discretion of the ASN that authorizes the national competition concerned.

If the national competition forms part of a national championship or series, competitors who are foreign licence-holders will not be eligible to score points in the classification of the said championship or series. The allocation of points in the ranking of the said championship or series must be done without taking the competing foreign licence holders into account.

**Any national competition must be listed on the national Calendar of the authorising ASN. Competitors and drivers who wish to take part in a national competition organised abroad can only do so with the approval of their own ASN.**

This authorisation shall be given by the ASN concerned in such form as they might deem convenient.

Should an organiser accept the entry of a foreign competitor and/or driver who has no authorisation from the ASN which issued them with their licence or licences, that organiser would be committing an infringement which, when brought to the attention of the ASN authorising the national competition concerned, shall be punishable by a fine, the amount of which shall be left to the discretion of the ASN that authorises the national competition concerned.

It should be noted that authorisations may only be given by ASNs to their licence-holders for declared competitions entered on the national Calendar of a ASN.

EU professional competitors or drivers shall be entitled to take part and score points in national competitions taking place in European Union or comparable countries on the same basis as nationals of those countries. Within that context, a professional competitor or driver is one who declares to the relevant authorities the money he receives by way of salary or sponsorship for competing in motor sport and provides proof of such declaration in a form acceptable to the ASN which issued his licence, or who otherwise satisfies the FIA of his professional status, including by reference to benefits enjoyed but not required to be declared to the relevant authorities.

Further, the ASN that is authorising the competition accepting the participation of licence-holders from other ASNs must observe the obligation to provide the FIA and the competitors and drivers with at least the following, to appear on all official documents (in particular the entry form):

- Unequivocal information on whether the circuit forms the subject of a currently valid international homologation by the FIA or a national homologation issued by the relevant ASN, matching the categories of competition automobiles eligible to take part in the competition;
- Information on the categories of automobiles authorised to take part in that competition according to the homologation of the circuit;
- Information on the grade of driver's licence required for taking part in the competition.
