### Section N

#### Existing Regulation

No current regulation

#### Proposed Regulation

**(N)5.5.4.** Any driver competing in a vehicle of 0.34bhp/kg or higher (excluding driver weight) and measured at the driven wheels, must be the holder of a Speed National 'A' licence, as a minimum.

**Date of Implementation:** 1<sup>st</sup> January 2019

**Reason:** To ensure that a driver of a powerful car has a heightened level of competition experience. The proposal mirrors Circuit Racing and the p/w break requirement.

#### Off-Road Racing

**(N)2.17.** Off-Road Racing, which includes Minicross and similar events, can only take place on a circuit complying with MSA regulations.

.....

**2.17.6.** For venues authorised by the issued Track licence (Rallycross) to include Joker Laps, the Joker Lap may be used. Two Judges of Fact to be appointed to oversee its use, 5.1.4.1., 5.1.4.2. and 5.1.5. apply..

**Date of Implementation:** 1<sup>st</sup> January 2019

**Reason:** The RX150's run under Off Road Racing which has no provision for Joker Laps although they run together with the Rallycross package.
