Existing Regulation

11.1. Driving Standards Observers can be appointed by Organisers, the MSA or (with MSA approval) a Regional Association for all events wholly or partly held on the Public Highway.

Proposed Regulation

11.1. Driving Standards Observers can be appointed by Organisers, the MSA or (with MSA approval) a Regional Association ~~for all events wholly or partly held on the Public Highway.~~

Reason:

Currently, a Driving Standards Observer cannot be appointed to an event which wholly takes place off the public highway, such as a Single Venue Stage Rally held at a Race circuit. This will allow a DSO to be appointed to any event it is deemed necessary.

Implementation date: 1st January 2018
