Section D

11.1. No alteration or addition may be made to the Supplementary Regulations after the commencement of the period for receiving entries unless:

11.1.1. The MSA and all competitors already entered agree in writing to the alteration, or

11.1.2. The Stewards of the Meeting so decide for reasons of safety or force majeure.

11.1.3. Where a Championship Permit has been issued, Championship Sporting and Technical Regulations may not be amended after publication unless the MSA and all competitors registered for the Championship agree in writing to the alteration. Such amendments must be circulated to all Registered Competitors, Championship Stewards, Eligibility Scrutineer, Clubs organising Rounds of the Championship and to the MSA.

(D)11.1. No alteration or addition may be made to the Supplementary Regulations after the commencement of the period for receiving entries unless:

(D)11.1.1. The MSA and **at least 75% of** all competitors already entered agree in writing to the alteration, or

11.1.2. The Stewards of the Meeting so decide for reasons of safety or force majeure.

(D)11.1.3. Where a Championship Permit has been issued, Championship Sporting and Technical Regulations may not be amended after publication unless the MSA and **at least 75% of** all competitors registered for the Championship agree in writing to the alteration. Such amendments must be circulated to all Registered Competitors, Championship Stewards, Eligibility Scrutineer, Clubs organising Rounds of the Championship and to the MSA.

Reason: Recognising that in the interests of the Championship or Event such changes may be necessary as well as it often being difficult for Organisers to receive feedback from competitors, although registered no longer participate

Implementation: 1 January 2020
