These are 6 National 'B' or Clubman Races (these can all be from one circuit), or 12 Junior Race signatures, and must not contain more than 1 signature from Races organised by or on behalf of Racing Schools which form part of a school course or curriculum.

(ii) One of the Clerk of the Course signatures required for having successfully completed a Race may be replaced by a Clerk of the Course signature recorded on the Upgrade Card for completing a day on a marshal’s post during a race meeting.

**(Q) Circuit Racing**

**Date of implementation: 1 January 2014**

15.1. Officials’ Signals will be conveyed to drivers by the following flag signals (14.4). Signals (k), (l) and (m) may be displayed by an appropriately coloured panel to which the competitor number may be attached:

(e) Yellow flag – Stationary Waved: Danger, slow down sufficiently to ensure that full control of the vehicle can be retained. No overtaking.

(f) Yellow flag – Double Waved: Great danger. Slow down considerably. Be prepared to suddenly change from the projected racing line, or take other evasive action including stopping if necessary. No overtaking. (This signal may be supplemented or replaced by flashing yellow lights), as an added warning).

(i) Green flag - Waved: All clear, at the end of a danger area controlled by yellow flags. Also used to signal the start of a formation lap and shown at all posts during first lap of each practice session and during the formation lap.

15.1.1. At an incident where the track is obstructed, or marshals are working at the trackside, the following signals will be used:

(a) A Stationary WAVED Yellow at the post before a DOUBLE WAVED Yellow. (The waved yellow flag may also be supplemented or replaced by flashing yellow warning lights).

(b) A double waved Yellow flag at the post immediately preceding the incident. In very serious cases, this flag may be supplemented by an additional waved yellow flag at a preceding post. (The waved yellow flags may also be supplemented or replaced by flashing yellow warning lights).

(c) A stationary waved Green flag at the post immediately after the incident.

(d) If the incident is well off the track and marshals are not working at the trackside, the incident may be indicated by a stationary single waved yellow flag, followed by a stationary waved green flag, or by a Hazard Area board.

**Reason:** The FIA no longer use stationary flag which are not always visible to the driver.

**(R) Rallying**

**Date of implementation: 1 January 2014**

49.8.2. Four wheel drive vehicles fitted with forced induction are prohibited in Historic Categories 1, 2 and 3.

**Reason:** For urgent clarification. This regulation amendment was omitted from the proposals that introduced Category 4 in Historic Stage Rally as approved by Motorsports Council on 11th June 2013. If left un-amended it would mean that a number of vehicles intended for acceptance in Category 4 would not be eligible.
