12. **Guidance for Children & Young People under 18 years**

The following is a template for Motorsport UK’s member clubs/groups/team to use.

Code of Conduct for U18s in relation to the responsible use of club/team/group Web pages, Social Networking Sites, Texts and Emails.

Mobile technology is a key part of everyday life and includes how and where you may find information about your motorsport club/group/team. It is a great way to get and share information. Within [club/group/team] we want you to use social networks, the internet, texts and email safely to find the information you need. Motorsport UK and [club/group/team] is committed to safeguarding your welfare and has worked with Motorsport UK to produce the guidance below to help keep us all safe

**Do**

- Know who the Club Safeguarding Officer is: (details)
- Set appropriate privacy settings on your social network site(s)
- Know who from your [club/group/team] should be contacting you and how they should be contacting you. If they use text messages or emails as a source of communication your parents may be copied into anything sent to you
- Tell an adult you trust about any communications that make you feel uncomfortable or that asks you not to tell your parent/carer or coach
- Talk to a person you trust or the Club Safeguarding Officer OR Motorsport UK Head of Safeguarding Linda Medlicott if you are unhappy about anything sent to you or said about you over the internet, social networking sites, text messages or via email
- Tell an adult that you trust if an adult involved at your [club/group/team] or involved in motorsport asks you to become their friend online and inform your Club Safeguarding Officer
- Abide by this Code of Conduct in relation to the use of Social Media Networking sites, Texts and Emails
- If you want to know more about how to keep safe online explore the CEOP ‘Think UK Know’ website to familiarise yourself with e-safety issues
- Report concerns directly to the police by clicking on the CEOP link below:
  [http://www.ceop.police.uk](http://www.ceop.police.uk)  [http://www.thinkuknow.co.uk/](http://www.thinkuknow.co.uk/)
Do Not

• Post, host, text or email things that are hurtful, insulting, offensive, abusive, threatening, or racist as this would go against Motorsport UK or [club/group/team] rules and could also be against the law

• Post personal comments in relation to the management or operation of the club, club officials, event officials, drivers, opposition team member(s)), or any family members of those above

• Engage in any personal communication, 'banter' or comments with staff / volunteer(s), motorsport officials, (etc)

• Give out personal details online including mobile numbers, email addresses or social networking account access to people you don’t know well offline

• Invite any adult involved with the [club/group/team] to become your friends online or accept them as a friend on any social network site. They have been told they must not accept such invitations

• Use internet, web-based, phone or any other form of communication to send personal messages of a non-motorsport nature to any member of staff/volunteer at the [club/group/team]

• Delete inappropriate text or email messages sent to you as they may form part of any subsequent investigation

13. Sexting sometimes referred to as ‘youth produced sexual imagery’:

There is no accepted definition of ‘sexting’ but most professionals agree that it refers to the sending or posting of sexually suggestive images, including nude or semi-nude photographs of a person under 18 years of age, via mobiles or over the internet. The UK Council for Child Internet Safety defines sexting as the production and/or sharing of sexual photos and videos of and by young people who are under the age of 18. It includes nude or nearly nude images and/or sexual acts. It is also referred to as ‘youth produced sexual imagery’.

‘Sexting’ does not include the sharing of sexual photos and videos of under 18-year olds with or by adults. This is a form of child sexual abuse and must be referred to the Police.

Guidance for staff and volunteers dealing with a sexting incident/disclosure:

• The incident should be referred to the CSO/DSO immediately and the CSO/DSO will clarify the concerns with any staff involved in reporting and ensure concerns are accurately recorded and reported to Motorsport UK’s Head of Safeguarding
• Motorsport UK advise that you never view the images. However, the current UKCCIS guidance suggests that in very limited circumstances, it may be necessary to do so. However, Motorsport UK advice is to never view the image.

• If you have already viewed the imagery by accident (e.g. if a young person has shown it to you before you could ask them not to), report this to the CSO/DSO.

• Do not delete the imagery or ask the young person to delete it.

• Do not ask the young person(s) involved in the incident to disclose information regarding the imagery. This is the responsibility of the CSO/DSO.

• Do not share information about the incident with other members of staff, the young person(s) it involves or their, or other, parents and/or carers.

• Do not say or do anything to blame or shame any young people involved.

• Do explain to them that you need to report it and reassure them that they will receive support and help from the CSO/DSO.

• If there is a concern a young person has been caused distress, harmed, or is at risk of harm, a referral will be made to the Police immediately. The Police do not seek to criminalise young people but take sexting very seriously and will take appropriate action which may include the seizing of devices and speaking to the young people involved. Online abuse through sexting can have very serious consequences and undertaking an investigation at Club or Organisation level can lead to images and evidence being deleted which prevents appropriate action being taken to support and/or educate those involved or impacted by these issues. Parents will be informed at an early stage and involved in the process unless the police advise against this or there is good reason to believe that involving parents would put the young person at risk of harm.
