

## REGULATION CHANGES FOR CONSULTATION

Committee:	Kart Committee
Date of meeting:	23 <sup>rd</sup> June 2015
Closing date for consultation:	18 <sup>th</sup> September 2015
Email for comments:	<a href="mailto:KartConsultation@msauk.org">KartConsultation@msauk.org</a>

### Existing Regulation

**(U)16.8.4.** Hubs with a single retaining bolt feature must not protrude beyond the end of the axle, unless designed for that purpose, and must incorporate a retaining device.

### Proposed Regulation

**(U)16.8.4.** ~~Hubs with a single retaining bolt feature must not protrude beyond the end of the axle, unless designed for that purpose, and must incorporate a retaining device.~~ **Rear hubs must cover the axle by a minimum of 40mm, and front hubs must cover the stub axle by a minimum of 30mm.**

**Reason:** Clarification. To address confusing and potentially contradictory regulations that in reality are too complex and difficult to enforce.

**Implementation:** 1<sup>st</sup> January 2017
