Proposed Regulation

S9.3 Paddock and Track Regulations

S.9.3.8 Vehicles must not be left unattended under any circumstances when the engine is running. In the event that a responsible person is not seated in the driving position they must be in close proximity and the vehicle must be under their supervision at all times.

Date of Implementation: 1st January 2024

Reason: The Sprint & Hill Climb Sub-Committee had been made aware of incident(s) where vehicles may be left unattended whilst the engine was running. Following a request from the Sub Committee wording was included in the Speed Championship Regulation Master Format and all Championships have adopted wording for 2023.

It is agreed that this should be embedded within the general regulations and in order to provide greater clarity the above wording is proposed.
